New! Stainless Steel Bowls

Our new pet bowls are a must have for any dining occasion, formal dress or just wolfing down your food! These bowls come in two styles either plain smooth-side, or embossed with paw prints. Each bowl is made from high quality heavy-gauge steel to ensure durability, and are fitted with a rubber bottom to reduce sliding and noise. With ordinary plastic bowls, bacteria can grow in the cracks, crevices and pores of the plastic and over time can become stained, cracked, and yellowed. Using stainless-steel bowls reduces the risk of bacterial growth and will not stain, rust, crack, or discolor, is dishwasher safe and comes with a one year free replacement guarantee

These bowls are available in a variety of sizes ranging from 8oz. for the petite eater all the way up to our 96oz. size for the most voracious of appetites
